

K-Love is an awesome radio station that everyone benefits from. It is a free station that shares great values and one that families can listen to without having to worry about what they hear. It is a great witness tool to use to share the love of God. It is free and readily accessible. If you take that away then you take away one more way that God can be a part of my life daily. Please do not displace K-Love with a LPFM broadcaster providing other programming.
